**Facts Constituting Probable Cause**

On or about July 1<sup>st</sup> 2023 the alleged offender Chasity Green was loaned \$25,000 from a friend who wrote her a check. Green then had this check deposited into her husband's bank account which she is the joint owner of. The bank put a hold on this check until it cleared.

On or about August 11<sup>th</sup>, 2023 Green contacted the victim via text and was asking her about getting another check written because the first one hadn't cleared the bank. Green stated to the victim that her husband Matthew Green was having her ask so they could get the money in their account. The victim told Green to meet her at her bank and she would just wire transfer the money to them. This is what they did.

Several days later the victim noticed that the first check had cleared the bank. The Greens had lied to her and they actually ended up with \$50,000 of her money. The victim gave the Greens several attempts over a span of a few months to make it right. As of now, they haven't made a resolution to this situation.

I swear that the allegations contained herein are the truth, the whole truth, and nothing but the truth.
